

ANNUAL FUNDING NOTICE

Plumbers & Steamfitters Local 21 Zone II Pension Fund

Introduction

This notice includes important information about the funding status of your multiemployer pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2019 and ending December 31, 2019 (“Plan Year”).

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funded percentage.” The Plan divides its assets by its liabilities on the Valuation Date for the plan year to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s funded percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also states the value of the Plan’s assets and liabilities for the same period.

Funded Percentage

	2019 Plan Year	2018 Plan Year	2017 Plan Year
Valuation Date	January 1, 2019	January 1, 2018	January 1, 2017
Funded Percentage	65.3%	66.9%	68.2%
Value of Assets	\$41,902,267	\$41,776,798	\$42,529,474
Value of Liabilities	\$64,183,607	\$62,442,641	\$62,333,935

Year-End Fair Market Value of Assets

The asset values in the chart above are measured as of the Valuation Date. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. The asset values in the chart below are market values and are measured on the last day of the Plan Year. The chart also includes the year-end market value of the Plan’s assets for each of the two preceding plan years.

	December 31, 2019	December 31, 2018	December 31, 2017
Fair Market Value of Assets	\$45,944,178*	\$38,533,718	\$42,079,709

*The fair market value of the Plan’s assets as of December 31, 2019 is preliminary and subject to change during the annual audit process.

Endangered, Critical, or Critical and Declining Status

Under federal pension law, a plan generally is in “endangered” status if its funded percentage is less than 80 percent. A plan is in “critical” status if the funded percentage is less than 65 percent (other factors may also apply). A plan is in “critical and declining” status if it is in critical status and is projected to become insolvent (run out of money to pay benefits) within 15 years (or within 20 years if a special rule applies). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status or critical and declining status, the trustees of the plan are required to adopt a rehabilitation plan. Funding improvement and rehabilitation plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The plan sponsor of a plan in critical and declining status may apply for approval to amend the plan to reduce current

and future payment obligations to participants and beneficiaries.

The Plan was in critical status in the Plan Year ending December 31, 2019 because within the next four plan years, the Plan is projected to have an accumulated funding deficiency. In an effort to improve the Plan's funding situation, the trustees adopted a Rehabilitation Plan that included two schedules, a Preferred Schedule and Default Schedule, of benefit reductions and contribution increases provided to the bargaining parties, one of which must be adopted as part of future collective bargaining agreements between the Union and contributing employers. You may get a copy of the Plan's rehabilitation plan, any update to such plan and the actuarial and financial data that demonstrate any action taken by the Plan toward fiscal improvement. You may get this information by contacting the plan administrator. A separate notification of the Plan's critical status for the year ending December 31, 2019 is enclosed with this Notice.

Participant Information

The total number of participants and beneficiaries covered by the Plan on the valuation date was 458. Of this number, 183 were current employees, 220 were retired and receiving benefits, and 55 were retired or no longer working for a contributing employer and have a right to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is to fund the Plan through a combination of contributions received from employers and investment income generated by the Plan's investments. The funding level is designed to comply with requirements of ERISA and the Internal Revenue Code. These requirements include minimum funding levels and include maximum limits on the contributions that may be deducted by employers for federal income tax purposes. The Board of Trustees creates and implements the funding policy and monitors the funding level with the assistance of the Plan's enrolled actuary and the Plan's investment consultant.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. Investments are made solely in the interest of the participants and beneficiaries of the Fund and for the exclusive purpose of providing accrued benefits and defraying the reasonable expenses of administration. In order to meet its needs, the investment strategy of the Fund is to emphasize total return; that is, the aggregate return from capital appreciation and dividend and interest income. Specifically, the primary objective in the investment management for Fund assets is to emphasize long-term growth of principal while avoiding excessive risk. Short-term volatility is tolerated in as much as it is consistent with the volatility of a comparable market index. Under the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

	Asset Allocations	Percentage
1.	Cash (Interest bearing and non-interest bearing)	1.06%
2.	U.S. Government securities	7.95%
3.	Corporate debt instruments (other than employer securities):	
	Preferred	
	All other	11.08%
4.	Corporate stocks (other than employer securities):	
	Preferred	
	Common	25.61%
5.	Partnership/joint venture interests	11.04%
6.	Real estate (other than employer real property)	2.36%

7.	Loans (other than to participants)	
8.	Participant loans	
9.	Value of interest in common/collective trusts	22.07%
10.	Value of interest in pooled separate accounts	10.41%
11.	Value of interest in 103-12 investment entities	4.71%
12.	Value of interest in registered investment companies (e.g., mutual funds)	3.71%
13.	Value of funds held in insurance co. general account (unallocated contracts)	
14.	Employer-related investments:	
	Employer Securities	
	Employer real property	
15.	Buildings and other property used in plan operation	
16.	Other	

For information about the Plan’s investment in an of the following types of investments – common/collective trusts, pooled separate accounts, or 103-12 investment entities – contact the Fund Administrator, Brendan Foley, at (914) 737-7220, 1024 McKinley St, Peekskill, NY 10566-5604.

Events Having a Material Effect on Assets or Liabilities

By law this notice must contain a written explanation of new events that have a material effect on plan liabilities or assets. This is because such events can significantly impact the funding condition of a plan. *It is important to note that this Plan’s Status is based on financial reports from January 1, 2020. Due to the COVID-19 pandemic, market conditions have changed significantly since then. The Plan’s actuarial status does not reflect short-term fluctuations of the market, but rather is based on the market values on the last day of the Plan Year. It is much too early to predict how the market will perform over the next several months. Your Trustees are monitoring the situation closely.*

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the “Form 5500.” These reports contain financial and other information. You may obtain an electronic copy of your Plan’s annual report by going to www.efast.dol.gov and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration’s Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan’s annual report by making a written request to the plan administrator. Annual reports do not contain personal information, such as the amount of your accrued benefit. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under “Where To Get More Information.”

The annual report for the 2018 Plan Year will not be available until October of 2019 at the latest, when the Fund’s audited financial statements and government filings are complete. Annual reports do not contain personal information, such as the amount of your accrued benefit. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under “Where To Get More Information.”

Summary of Rules Governing Insolvent Plans

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan’s available resources. If such resources

are not enough to pay benefits at the level specified by law (see “Benefit Payments Guaranteed by the PBGC,” below), the plan must apply to the PBGC for financial assistance. The PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan’s financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and the PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

Benefit Payments Guaranteed by the PBGC

The maximum benefit that the PBGC guarantees is set by law. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. There are separate insurance programs with different benefit guarantees and other provisions for single-employer plans and multiemployer plans. Your Plan is covered by the PBGC’s multiemployer program. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan’s monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC’s maximum guarantee, therefore, is \$35.75 per month times a participant’s years of credited service.

Example 1: If a participant with 10 years of credited service has an accrued monthly benefit of \$600, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant’s years of service ($\$600/10$), which equals \$60. The guaranteed amount for a \$60 monthly accrual rate is equal to the sum of \$11 plus \$24.75 ($.75 \times \$33$), or \$35.75. Thus, the participant’s guaranteed monthly benefit is \$357.50 ($\35.75×10).

Example 2: If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or $\$200/10$). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus \$6.75 ($.75 \times \$9$), or \$17.75. Thus, the participant’s guaranteed monthly benefit would be \$177.50 ($\17.75×10).

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In addition, the PBGC guarantees qualified preretirement survivor benefits (which are preretirement death benefits payable to the surviving spouse of a participant who dies before starting to receive benefit payments). In calculating a person’s monthly payment, the PBGC will disregard any benefit increases that were made under a plan within 60 months before the earlier of the plan’s termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

For additional information about the PBGC and the pension insurance program guarantees, go to the Multiemployer Page on the PBGC’s website at www.pbgc.gov/multiemployer. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. The PBGC does not have that information. See “Where to Get More Information About Your Plan,” below.

Where to Get More Information

For more information about this notice, you may contact the Fund Administrator, Brendan Foley, at (914) 737-7220, 1024 McKinley St, Peekskill, NY 10566-5604. For identification purposes, the plan sponsor’s name is Plumbers & Steamfitters Local 21 Zone II Pension Fund, the official plan number is 001, and employer identification number or “EIN” is 14-6092681.
